

Name: Dr. Anu Arora
Designation: Assistant Professor
Department: Geography
Faculty of Arts Craft and Social Sciences
Email ID: anuchalanaarora@gmail.com

About: Dr. Anu Arora is a dedicated Assistant Professor of Geography with 10 years of academic experience. She holds a Ph.D. from S.K.D.U. (2022), along with an M.A. and B.A. from M.D.S.U., Ajmer. Her research focuses on environmental geography, agricultural sustainability, and human-environment interactions. With eight research publications and participation in ten conferences/seminars, Dr. Arora has contributed significantly to geographic studies. Her research work, "कृषि में कीटनाशकों के प्रयोग का मानव व पर्यावरण पर प्रभाव," examines the impact of pesticide use on human health and environmental sustainability. She explores the ecological consequences, soil degradation, and health risks associated with excessive pesticide application, advocating for sustainable agricultural practices.

Experience: 10

Qualification:

- P.hD S.K.D.U. 2022
- M.A. M.D.S.U. Ajmer 2003
- B.A. M.D.S.U. Ajmer 2001

No. of Research Publications: 8

No. of Conference/Seminar: 10

Research Work: - कृषि में कीटनाशकों के प्रयोग का मानव व पर्यावरण पर प्रभाव।

Areas of Interests:

1. Pesticide Impact on Human Health – Studying respiratory issues, food contamination, and long-term health effects.
2. Environmental Consequences of Pesticide Use – Examining soil fertility, water pollution, and biodiversity loss.
3. Sustainable Agricultural Practices – Exploring organic farming, eco-friendly pest control, and soil conservation techniques.
4. Policy and Regulation in Agriculture – Analyzing government policies and global standards for pesticide management.
