About:

I am Dr. Mahender Kumar, currently working as an Assistant Professor in the Department of English under the Faculty of Arts, Craft & Social Sciences. With 10 years of teaching and research experience, I am passionate about English literature, especially Romantic poetry and its deep connection with nature and human consciousness.

I earned my Ph.D. in English from Tanta University in 2023. I hold an M.A. in English from Sunrise University (2015) and a B.A. from Maharaja Ganga Singh University, Bikaner (2002). Throughout my academic journey, I have published 3 research papers and presented in 3 conferences, contributing to ongoing literary scholarship.

My research work focuses on an analytical study of the impact of natural elements upon Wordsworth's mind, reflecting my interest in the intersection of literature, nature, and psychological introspection. My areas of interest include Romantic literature, Nature and Imagination in Poetry, Wordsworth and Environmental Sensibility, and Literary Psychology and the Human Spirit.

Through both teaching and research, I strive to foster a love for literature while encouraging students to explore the emotional and philosophical depths of poetic expression.
